Truesdale Lake Improvement Tax District

The Truesdale Lake Improvement Tax District is an ongoing project. This project aims to repair the dam, remediate and check stormwater runoff into the lake, and enable long-term financial and environmental management of the lake.

More information & updates about the studies, engineering plans, draft law, and tax district plans can be found at the Truesdale Lake website here:

NYC DEP Grant Status

In 2005 the town applied for watershed grant money from the New York City Department of Environmental Protection to work on each of the 7 lakes in Lewisboro. One of the projects included work on

the TEA beach area drainage issues. We are looking to get the project done this year. The website has detailed information about the project (called "Site #3" in lake restoration project - also search for "TEA Beach" to see video and photos).

Boat Stickers Required

TEA members can store boats at the TEA-owned lot at the corner of Gilbert Street and Lake Shore Drive. All boats (*whether kept on your property or at the TEA boat storage lot*) must have a valid Truesdale Lake boat sticker.

Boat stickers are available **free** for TEA members in good standing. More information and an application form can be found at the Truesdale Lake website here:

Volunteers Needed

The TEA Board of Directors is composed of up to 15 volunteer members from the TEA community. Six officers are elected by the board to operate the association. The current officer terms expire in the fall of 2008 and new officers will be nominated and elected at the Fall 2008 Membership meeting.

If you are interested in volunteering in any capacity either by joining the board, helping out with the lake management committee, helping with **beach beautification day (Saturday, May 19th - details forthcoming)**, organizing a watersports day, participating in Lake Restoration Project meetings, or helping organize the 50th anniversary of the TEA Beach celebrations, please call Rob Cummings (763-0881).
